# Please Note

HCL's statements regarding its plans, directions, and intent are subject to change or withdrawal without notice and at HCL's sole discretion.

Information regarding potential future products is intended to outline our general product direction and it should not be relied on in making a purchasing decision.

The information mentioned regarding potential future products is not a commitment, promise, or legal obligation to deliver any material, code or functionality. Information about potential future products may not be incorporated into any contract.

The development, release, and timing of any future features or functionality described for our products remains at our sole discretion.

Performance is based on measurements and projections using standard HCL benchmarks in a controlled environment. The actual throughput or performance that any user will experience will vary depending upon many factors, including considerations such as the amount of multiprogramming in the user's job stream, the I/O configuration, the storage configuration, and the workload processed. Therefore, no assurance can be given that an individual user will achieve results similar to those stated here.

# Technology update

## Easier installation

- **Domino Volt, Verse:** Next, Next...
- **Traveler:** merge into one stream, for all Domino versions and for mobile + Outlook

## Switch to the new technologies

- **Domino, Traveler, Sametime:** containerization (Docker, Kubernetes)
- **Sametime:** complete redesign (MongoDB, Tomcat)

# Licensing changes

Easier licensing

Abandoning “per server” licensing

- Problems with counting PVUs
- Virtualization requires ILMT monitoring tool

Focusing on “per user” licensing

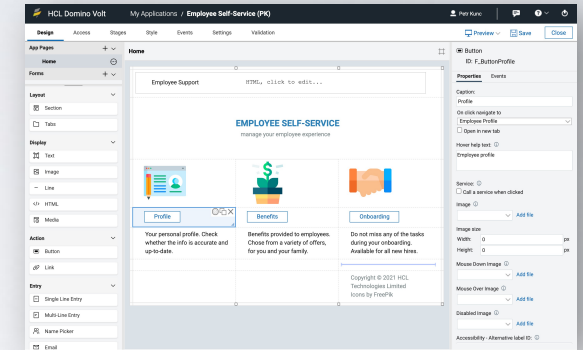

- Easy to calculate (all accounts with username/password)
- Perpetual or term based

# CCB – New licensing

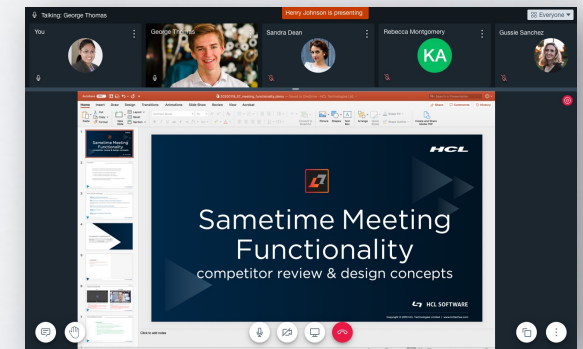

Domino Complete Collaboration

- **CCB:** for employees
- **CCX:** for external collaborators (ACL max Author) **CHEAP**
- **Guests:** for external visitors (ACL max Reader + Write public documents) **FREE**
- **Anonymous:** for public web access **FREE**

- Extension: **Domino Volt**  
**CHEAP**

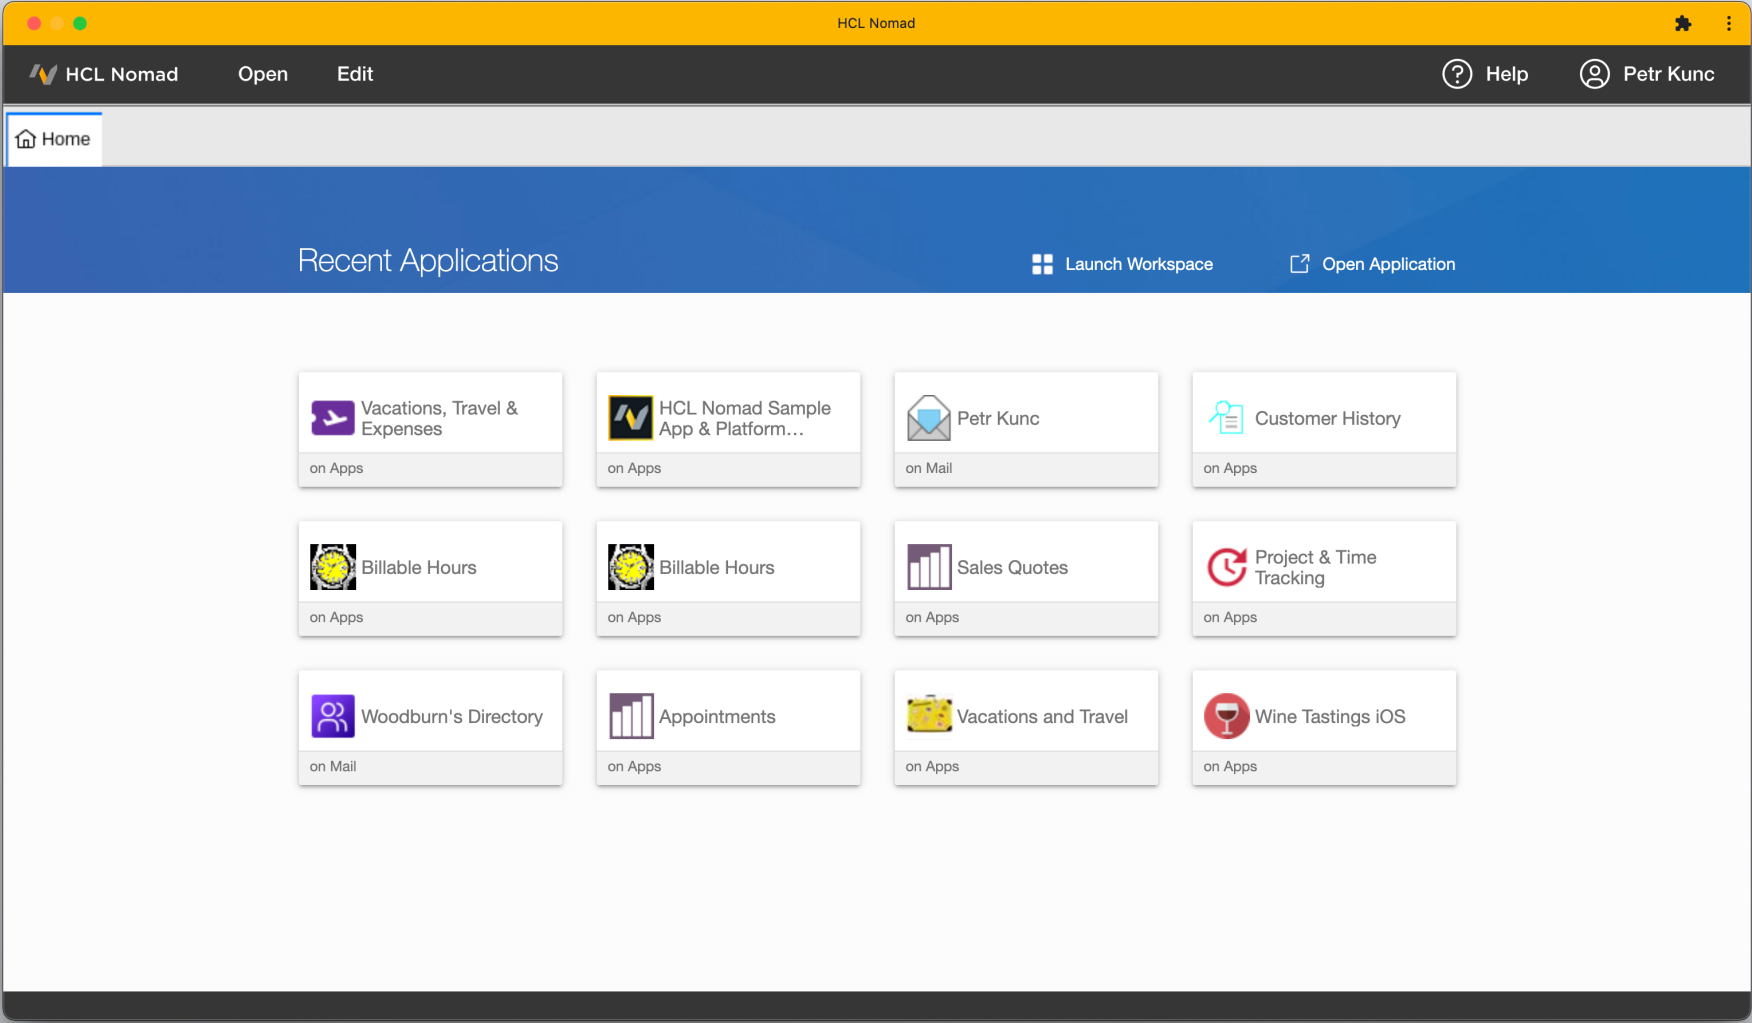

- Extension: **Sametime Premium**  
**CHEAP**
